## **Blue Essentials, Blue Advantage HMO, Blue Premier and MyBlue Health Provider Manual -Roles and Responsibilities - Networks and ID cards**

---

### **Overview**

This section of the provider manual introduces providers to our provider networks and how to identify Blue Cross and Blue Shield of Texas member's plans.

---

### **Capitated Medical Groups Important Note**

Health care providers who are contracted/affiliated with a capitated Medical Group must contact the Medical Group for instructions regarding referral, recommended clinical review and prior authorization processes, contracting, and claims-related questions. Additionally, health care providers who are not part of a capitated Medical Group but who provide services to a member whose PCP is contracted/affiliated with a capitated Medical Group must also contact the applicable Medical Group for instructions. Health care providers who are contracted/affiliated with a capitated Medical Group are subject to that entity's procedures and requirements for the Plan's provider complaint resolution.

---

### **ID Card Information and Use**

The BCBSTX member's identification card provides information concerning eligibility and contract benefits and is essential for successful claims filing. Each member/subscriber receives an ID card upon enrollment. Refer to the samples shown on the following page. This card is issued for identification purposes only and does not constitute proof of eligibility. Health care providers should check to make sure the current group number is included in the member's/subscriber's records.

To assist in ensuring that your office always has the most current information for your plan member, it is recommended that you copy the member's ID card (front and back) for your files at each visit.

The ID card should be presented by the member each time services are rendered. The ID card displays:

- The member's/subscriber's unique identification number
  - The employer group number through which coverage is obtained
  - The current coverage date
  - Plan number
  - The name, provider record, and telephone number of the PCP selected by the member/subscriber
  - The PORG of the PCP's Provider Network, if applicable
  - Applicable coinsurance, copayment, deductible and/or cost-sharing to Covered Services
-

### ID Card Information and Use, cont.

#### Definitions:

- **Coinsurance** means, if applicable, the specified percentage of the Allowable Amount for a Covered Service that is payable by the member. The member's obligation to make coinsurance payments may be subject to an annual out-of-pocket maximum.
- **Copayment** means the amount required to be paid to a physician, professional provider, facility or ancillary provider, etc., by or on behalf of a member in connection with the services rendered.
- **Cost Sharing** is the general term used to refer to the member's out-of-pocket costs (e.g., deductible, coinsurance and copayments) for Covered Services a member receives.
- **Covered Services** means those health services specified and defined as Covered Services under the terms of a member's health plan.
- **Deductible** means, if applicable, the specified annual amount of payment for certain Covered Services, expressed in dollars that the member is required to pay before the member can receive any benefits for the Covered Services to which the Deductible applies.

The member/is required to report immediately to **BCBSTX Customer Service** any loss or theft of his/her ID card. A new ID card will be issued. The member/subscriber is also required to notify **BCBSTX** within 30 days of any change in name or address. **BCBSTX** members/subscribers are also required to notify **BCBSTX Customer Service** regarding changes in marital status or eligible dependents.

**Note:** *The member is not allowed to let any other person use his/her **BCBSTX** ID card for any purpose.*

### Important Information Indicated on Member ID Card

BCBSTX offers a wide variety of health care products. Each member's identification card displays important information required for billing and determining benefits. When filing a BCBSTX claim, two of the most important elements are the member's ID number and group number.

Most members with coverage through a Blue Cross Blue Shield Plan are assigned a three-character prefix that appears at the beginning of their unique identification number. The three-character prefix is very important to the identification number as the prefix acts as a key element in confirming the member's eligibility and coverage information. Prefixes are also used to identify and correctly route claims to the appropriate Blue Cross Blue Shield Plan for processing.

There are two types of three-character prefixes: plan-specific and account-specific.

# Blue Essentials, Blue Advantage HMO, Blue Premier and MyBlue Health Provider Manual -Roles and Responsibilities - Networks and ID Cards

---

## Important Information Indicated on Member ID Card, cont.

The first two positions of the prefix indicate the Plan to which the member belongs while the third position identifies the product in which the member is enrolled in. If the correct prefix is not provided, the claim may be unnecessarily delayed or denied.

**Note:** Generally, ZG identifies a Texas Plan. However, ZG is not the exclusive prefix of HMO plans. Refer to the network IDs listed below and also be sure to check member eligibility and benefits before every scheduled appointment. Eligibility and benefit quotes include membership status, coverage status and other important information, such as an applicable copayment, coinsurance and deductible amounts and prior authorization requirements and when recommended clinical review is available. Identifying the **network** that a member is a part of is now easier with the addition of the three (3) character network ID that will be displayed in a red font. The network ID will appear on medical identification cards where network benefits may apply.

### Examples of Common Network ID:

**BAV** = Blue Advantage HMO and Blue Advantage Plus HMO **HMO**  
= Blue Essentials  
**HMH** = Blue Premier & Blue Premier Access  
**BFT** = MyBlue Health

Much of the information you will need is printed your patient's ID card. Please note the copay amount is on the ID card. If you have questions, call Provider Customer Service:

**Blue Essentials: 1-877-299-2377**

**Blue Advantage HMO: 1-800-451-0287**

**Blue Premier: 1- 800-876-2583**

**MyBlue Health: 1-800-451-0287**

---

## Texas Department of Insurance Requirements

The Texas Department of Insurance requires carriers to identify fully insured members who are subject to the requirements of prompt pay legislation. ID cards that reflect an indicator "TDI" signify members who are subject to the requirements of prompt pay legislation.

---

## Check Eligibility and Benefits

Patient eligibility and benefits should be checked using Availity® or your preferred vendor prior to rendering services. Eligibility and benefit quotes include membership, coverage status and other important information, such as an applicable copayment, coinsurance and deductible amount. It's strongly recommended that providers ask to see the member's ID card for current information and photo ID to guard against medical identity theft. When services may not be covered, members should be notified that they may be billed directly.

Refer to the [Eligibility and Benefits](#) section on the provider website for more information.

### **Blue Advantage HMO and Blue Advantage Plus HMO - Information**

**Blue Advantage HMO** and **Blue Advantage Plus HMO** network are retail plans available in all 254 Texas counties. This cost-effective network is designed to provide affordable quality health care services to the uninsured and underinsured. **Blue Advantage HMO** affords members medical benefits at a lower cost whenever they access care through a participating **Blue Advantage HMO** network provider. **Blue Advantage HMO** and **Blue Advantage Plus HMO** members select a PCP and must have referrals for in-network benefits.

Providers must:

- have privileges at one of the **Blue Advantage HMO** participating hospitals (unless inpatient admissions are uncommon or not required for the physician's, professional provider's, facility or ancillary provider's specialty) or have someone who will admit on their behalf.
- have a valid National Provider Identifier (NPI) number.
- sign a Blue Advantage HMO agreement.

A provider who is contracted as a Blue Advantage HMO provider is considered in-network for Blue Advantage HMO and Blue Advantage Plus members.

Additionally, **Blue Advantage Plus HMO** members can choose to self-direct their care under their out-of-network benefits at a higher member cost share.

### **Blue Premier Additional Information**

This network is part of BCBSTX's efforts to meet its goal of increasing access and affordability of health care products to our members and the community that we serve. Making it easier for you and your staff to conduct business with us is equally important.

#### **Out-of-Network Services**

Blue Premier members do not have any out-of-network benefits. Blue Premier Access members; however, can choose to use an out-of-network provider; it may result in higher out-of-pocket expenses for the member.

As always, if there is a need to obtain covered emergency services, a member may access providers who are not part of the Blue Premier network.

If covered services are not available from participating providers within the access requirements established by law and regulation, Blue Premier and Blue Premier Access will allow a referral to an out-of-network provider, but the following will apply:

- The referral request must be from a participating provider.
  - Reasonably requested documentation must be received by BCBSTX
  - The referral must be provided within an appropriate time, not to exceed five business days, based on the circumstances and your condition.
  - When BCBSTX allows a referral to an out-of-network provider, BCBSTX will reimburse the provider at the usual and customary rate or otherwise agreed rate, less the applicable copayment(s), coinsurance and/or any deductible. Member is responsible only for the copayment(s), coinsurance and/or deductible for such covered services. Before BCBSTX approves or denies a referral, a review will be conducted by a specialist of the same or similar specialty as the type of provider to whom a referral is requested.
  - Also, court-ordered dependents living outside the service area may visit out-of-network.
-
